

Who We Are

Established in 1981, SCCADVASA is a leader in representing the critical needs of survivors of domestic violence and sexual assault and is a pivotal voice in violence prevention.

We advance our work through **advocacy, education, and collaboration.**

Our Vision & Mission

Vision: A South Carolina free from domestic violence and sexual assault.

Mission: SCCADVASA serves as the collective voice promoting the prevention of domestic violence and sexual assault in South Carolina.

Our Coalition

We are an independent 501(c)(3) non-profit organization, but our approach is **highly collaborative with our 22 member organizations who provide direct services to survivors of domestic and sexual violence in communities across the state, affiliates, partners and allies.**

SCCADVASA is an active member of several national domestic and sexual violence networks and we work in partnership with Coalitions in all 50 states and several US territories.

Our Work

Advocacy: SCCADVASA works to increase the awareness of how laws and policies impact the lives and healing of those survivors. We also play a vital role as a link between direct service providers, state legislators, and policy makers to amplify the voice of all survivors.

Education: We provide professional development training to increase knowledge, skills, and capacities for advocacy and direct service for survivors. We also work with community educators and others on violence prevention initiatives in schools and communities across S.C.

Collaboration: We proactively work with local programs, legislators, system partners, and the community at large towards our goal of ending domestic & sexual violence in S.C.

Domestic Violence Statistics | South Carolina
