Providers

# SCCADVASA MISSION & HISTORY

Established in 1981, SCCADVASA has served as the collective voice for the prevention of domestic violence and sexual assault in South Carolina.

In 2009, the SC General Assembly passed legislation requiring certification of Victim Service Professionals. SCCADVASA was one of the first organizations approved by the Attorney General's Office to host a Core Certification Training. We remain committed to ensuring VSPs have the foundational blocks to provide equitable, trauma-informed services to all victims of sexual assault and domestic violence.

SCCADVASA advances our work through advocacy, education, and collaboration. In 2019, we facilitated over 100 trainings to 2,300 people. We provided over 750 hours of technical assistance support to service providers, and distributed over 4,5000 SCCADVASA publications.

## OUR COURSE

### THE VISION

SCCADVASA's *Basic Training Course* imparts knowledge, attitudes, and skills that form the foundation of service provision to survivors of sexual assault and domestic violence. Using examples and practical considerations from SCCADVASA's expertise as forerunners in the state for advocacy and policy development, our *Course* is the first step in an ongoing process of continual self-assessment and professional development for Victim Service Providers (VSPs).

### THE FUNCTION

For those who qualify, our *Course* satisfies the required 15 hrs of training for Core VSP Certification, which is administered by the SC Attorney General's Office. Contact [cvst@scag.gov](mailto:cvst@scag.gov) to apply for VSP Certification prior to starting this *Course*.
