LEADERSHIP FOR SYSTEMS RESPONSE:

SCCADVASA serves on multiple state and national committees and task forces. We provided ongoing support to the local Sexual Assault Response Teams and Domestic Violence Coordinating Councils to improve multidisciplinary response.

LEGISLATIVE ADVOCACY AND SUPPORT:

SCCADVASA advocates for public policy choices that will positively impact survivors. In 2019, we tracked over 60 bills in the SC Statehouse and saw the passage of the Rape Kit Tracking bill. SCCADVASA works with our national partners to bring a unified message to Congress on the critical needs of survivors & increasing investments in prevention.

BUILDING CAPACITY FOR IMPROVED SERVICES:

SCCADVASA delivers direct problem solving assistance and in-depth analysis to members and allied partners to improve service provision. During the COVID-19 pandemic we have worked to ensure survivors can access virtual advocacy options across the state.
